Classic Disposable Urinal Mats

Classic Disposable Urinal Mats are an economically, sanitary way to reduce odors and bacteria around urinals while helping to ensure people do slip on a wet floor.

These urinal floor mats have an anti-bacterial treated polypropylene surface that breaks down urine to lessen unpleasant smells and prevent damage and deterioration to floors.

The rubber backing has an adhesive strip that grips the floor so that mat stays in place, even when the surrounding floor may be slightly wet. These urinal mats are ADA-compliant.

Classic Disposable Urinal Mats are sold in cases of 12 and measure 19-1/4" Wide x 16-3/4" High.

The time stamp in the corner lets you know how long the mat has been down to better gauge when the urinal mat needs to be replaced.

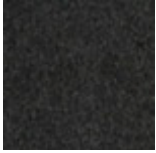

Disposable urinal mats cost just pennies a day and can reduce cleaning costs significantly since less time needs to be spent mopping and cleaning these areas.
