

## Coin Top Runners

Coin Top Runners are light weight, durable and offer excellent traction. The raised circular design is an aesthetically pleasing and time-tested anti-slip floor mat design. These mats can be permanently installed with vinyl compatible flooring adhesive.

These vinyl floor mats are ideally suited to heavy-traffic interior walk ways such as hall ways, corridors, access halls, between work stations and as work-flow traffic directors.

For uses requiring heavy wheeled carts, you may wish to permanently install the mats to keep them from migrating over time. Use a vinyl-compatible floor adhesive for permanent mat installations.
