

Rubber Tire Link Door Mats

Rubber Tire Link Door Mats are time-tested, rugged outdoor entrance mats that scrape dirt off of shoes while allowing debris and moisture to fall through.

These rubber link door mats are constructed from recycled airplane and truck tires that are cut down and linked together with galvanized steel rods to withstand the harshest environments.

The surface of these rubber floor mats is grinded down to a chenille-like finish yet the mat is made completely of rubber for greater durability.

Tire link floor mats are designed for highly trafficked exterior environments, as they can withstand full exposure to the sun, rain and snow.

To clean these rubber door mats, simply shake out and hose off as needed.

These 5/8" thick door mats can easily be customized to virtually any size and can also be manufactured with edging. Please call for custom sizes, edging and patterns.

Standard Sizes (Approximate)

Size	Qty. 1	Qty. 2-10	Qty. 11-25	Qty. 26+
16" x 28"	\$19.64	\$17.40	\$15.24	\$14.04
