

Washable Urinal Mats

Washable Urinal Mats are fully launderable urinal floor mats that help protect restroom floors underneath urinals from becoming slippery and smelly.

Restroom floors are often not attended to during the day, allowing the floor under the urinal to become wet and slippery. These urinal mats help reduce slips and falls by providing greater traction beneath the urinal.

These launderable urinal mats are treated with an anti-microbial compound to help break down the urine which lessens the odor and reduces deterioration the bathroom floor.

Washable urinal mats are manufactured for constant cleaning. These urinal floor mats can be cleaned in both a residential and commercial washer and dryer. Alternatively, these floor mats can be hosed off as needed.

Each urinal mat measures 17" W x 20" H and is sold individually.
